

WESTINGHOUSE STRIKE SPREADS

13,000 Men Would Enforce Eight Hour Day Demand; No Fighting.

El Paso, April 22.—Pickets at all entrances to the Westinghouse Electric and Manufacturing company at East Pittsburgh this morning pleaded successfully with workmen on their way to the shops that leaders of the strike, inaugurated Friday to enforce an eight hour day demand, declared only 5000 of the 18,000 employees had entered.

Great crowds of strikers filled the streets leading to the gates, but there was no disorder. Organization of the strikers into locals of the newly formed union was said to be proceeding rapidly.

YUAN'S CABINET TO HAVE POWER

Peking, China, April 22.—In accordance with the mandate issued yesterday by president Yuan Shi Kai in which he admitted his full control of the administration had caused dissatisfaction and authorized the secretary of state to organize a responsible cabinet, it was announced today that a new cabinet was being constructed. Yuan Chi-Jui, premier minister of war, has accepted the premiership and the war portfolio. President Yuan Shi Kai has agreed to surrender all civil authority to the new cabinet. The Peking government hopes that the premiership of Yuan Chi-Jui, who is a staunch Republican, will reconcile the southern provinces and put an end to the uprising.

Firm Surprises Employees Who Strike; Gives Them More Than They Demand

Yonkers, N. Y., April 22.—It was quite a joke the Harbush Wire works here played on its 700 striking employees and the men are as much pleased as the company.

The men went on strike this week, demanding an increase in wages. Friday they went to the works for their pay. On opening their envelopes they were surprised to find 20 percent more money than they expected. It was explained the company had decided several weeks ago to grant the men a raise. It was to have gone into effect this week, but the action had been kept secret.

SOUTHWESTERN RATES ATTACKED

Colorado Commission Files Complaint Against 34 Southwestern Roads.

Denver, Colo., April 22.—Charges of discrimination against Colorado common points and other points taking the same rates are contained in the complaint filed by the Colorado public utilities commission with the interstate commerce commission at Washington today. Thirty-four common carriers are named in the case. The utilities commission seeks to have substantial reduction made in existing class and commodity rates.

Many Railroads Involved. The defendant carriers named include: The Atchison, Topeka & Santa Fe Railway company, Central Pacific Railroad company, Chicago, Burlington & Quincy Railroad company, Chicago, Rock Island & Pacific Railway company, Colorado & Southern Railway company, Denver & Rio Grande Railway company, El Paso & Southwestern Railroad company, El Paso & Southwestern Railroad company of Texas, Fort Worth & Denver City Railway company, Galveston, Harrisburg & San Antonio Railway company, Houston & Texas Central Railroad company, Las Vegas & Tonopah Railroad company, Mallory Steamship company, Missouri Pacific Railway company, Morgan Louisiana & Texas Railroad and Steamship company, Rio Grande, El Paso & Santa Fe Railroad company, San Pedro, Los Angeles & Salt Lake Road company, Santa Fe, Prescott & Phoenix Railway company, Southern Pacific company, Atlantic Steamship line, Trinity & Brazos Valley Railway company, Union Pacific Railroad company, and Wyoming & Northwestern Railway company.

Southwestern Rates Attacked. Among the rates under attack are: All class rates to and from Galveston.

All class rates from and to points in New Mexico and Texas which are intermediate between Galveston and Denver and north of a point midway between Denver and Galveston.

All class rates and many existing commodity rates to representative points in Arizona, California, Idaho, Montana, Nevada, Washington, New Mexico, Oregon, South Dakota, Texas, Utah and Wyoming.

WOULD SET ASIDE DECREE FOR REORGANIZING C. C. M. & O. Kansas City, Mo., April 22.—Stockholders of the Orient Railroad company brought suit in the circuit court here today, asking that agreements for reorganization of the railroad and the decree of foreclosure by which the property passed to the control of the reorganization committee be set aside.

CACTUS FIBRE REDUCTION CO. OF EL PASO, FILES CHARTER

Austin, Tex., April 22.—The charter of the Cactus Fibre and Reduction company of El Paso, was filed today in the state department. The capital stock is \$10,000 and the incorporators are: J. B. Madron, Oscar L. Bowen and Jose B. Madron.

There was also filed today the charter of the Tri-State Athletic association of El Paso, with an capital stock. It is incorporated by T. L. Eggers, R. G. Martin and H. H. Harris.

GIVES PERMIT FOR SUNSHINE SPECIAL TO RUN TO EL PASO

Austin, Texas, April 22.—Conditional approval was given today by the railroad commission to the application of the Texas & Pacific railway company for authority to withdraw trains three and four west of Fort Worth to El Paso, and the substitution thereof of the Sunshine special, which will give a through fast service between St. Louis and El Paso.

The conditions are that in the event the service proves unsatisfactory, the commission will cancel and withdraw its approval.

DATE FOR MOTHER'S DAY IS CHANGED BY GOVERNOR

Austin, Tex., April 22.—A proclamation was issued today by the governor changing the date from Sunday, May 2 to Sunday, May 14 for the observance of "Mother's Day" in Texas.

This change was made to conform to the proclamation on the same subject by president Wilson.

STANFORD VARSITY CREW BEATS U. C. FIVE LENGTHS

Oakland, Cal., April 22.—Stanford university won by five lengths its annual boat race with the University of California today, over the three mile course of the Oakland estuary.

The unofficial time was 18:52, which was slow for the course. Stanford was defeated by the University of Washington. The Stanford crew will go east for the Poughkeepsie meet in June.

24 MAN HUNTERS TRAIL A BANDIT IN WYOMING

(Continued from page 1.) yards. After Wm. H. Cahler, 65, a watchman, had been shot from his horse, "Goldie" took a cowboy, seized the animal and took up the chase. Police and pedestrians joined. The bandit took refuge in a vacant house a mile from the scene and was caught. Cahler died at midnight.

REWARD OF \$500 OFFERED FOR RECAPTURE OF MYATT

Austin, Tex., April 22.—Gov. Ferguson today offered a reward of \$500 for the apprehension of Ben R. Myatt, who was convicted in Franklin county of the murder of his wife and given the death sentence. Myatt broke jail after having been convicted.

SAYS DYNAMITE PLOTTER PLANNED TO KILL MORGAN

New York, April 22.—Harry L. Newton, a former munitions worker, who was arrested here Thursday after entering into an alleged agreement to blow up a munitions plant, was pressured by J. J. P. Morgan, according to an affidavit submitted today by the Tomba police court. Newton was held for examination next Tuesday.

GAVIRA WON OVER THE DELAY

Does Not Like Idea of More Troops in Mexico; Asks "Why the Big Guns?"

Gen. Gavira, commander of the Juarez garrison, expressed considerable dismay Saturday morning at the report that additional troops are being sent to Columbus, to increase the punitive expedition. "I do not understand why this should be necessary," he said.

It was explained to him by members of the press that Gen. Pershing was strengthening his line of communication to Chihuahua for better protection to the truck trains passing between Columbus and the front.

"Protection, what protection?" he asked.

"Protection from Villa sympathizers, and also protection from unexpected uprisings by the forces of Mexico against the presence of the American troops," he was told.

Has Faith in Wilson. "I do not believe that your president, Mr. Wilson, will permit intervention," he said with conviction. "It would be most unjustified and a reflection upon our government."

If there had been intervention at other times, perhaps there might have been justice, but now—now it would be complete control of Mexico, they are attempting to bring order out of disorder. No, I cannot believe that Mr. Wilson will permit this action.

For a few moments the general was silent. Then he said: "I talked this day with what you call a Democrat."

From El Paso he informed me that the Republican party is committed to intervention, and that there is nothing it will not do for intervention. Is there truth in this that the Republicans are for intervention?

Many of the Republicans are with Mr. Wilson in policy of keeping the peace, he was told.

This reassured him, but not completely.

"Why the Big Guns?" "But why the cannons and the big guns that are being sent into Mexico. This is more than merely the hunting of a bandit."

"We shall continue to be patient," said Gen. Gavira. "It is very difficult for all of the generals had control of their men, as I have over mine, I should not fear, but this long wait is very tiring. I hope that Mr. Wilson will act soon and relieve us of this embarrassment."

TREVINO DENIES REPORT OF DEFEAT NEAR TORREON

Gen. J. B. Trevino, under date of April 22, wires to Mexican consul Garcia, that the report, circulated in El Paso, that he had been defeated near Torreon, was false.

ZINC ORE, TEQUILA, WINE, WHISKY COME FROM MEXICO

Exports from Mexico are reaching the border and crossing the river steadily. One train from Chihuahua during the week brought to the border 28 cars of zinc ore for the United States Zinc company at San Antonio, Okla., and 14 cars of ore for the Consolidated Kansas City Smelting & Refining company, and also a car of whisky and wine for Alberto E. Delgado.

Pearl, 5,000,000 Years Old, Is Discovered By Coast College Student

Stanford University, Calif., April 22.—A pearl, estimated to have been formed 5,000,000 years ago and said to be the oldest specimen of its kind in the world was found by Stanley C. Herold, a Stanford student, six months ago, because known today.

The pearl will be presented to the Stanford museum.

According to university authorities, the pearl is of little value as a gem, but the oyster in which it was found originated, they said, probably in the Pliocene period, but which they have credited to the Eocene epoch.

JUROR IS RETURNED HOME UNDER CHARGE OF PERJURY

(Continued from page 1.) asked me if I would sign another. When I signed that paper I was pretty drunk. All of them but one were not Sidney Burch and none of them dressed as that."

Martin also told of staying in a room at a local hotel during the night of December 18 when the application for a new trial was made and of not going home that night, but staying in that room.

He said the next day he was given money enough to buy one way tickets for himself and wife to Kansas City to spend Christmas with the folks there. With the exception of the \$2 given him at the bar, he said all he was given was \$60.

SAYS DYNAMITE PLOTTER PLANNED TO KILL MORGAN

RESTORATION OF MEXICO

Carranza Consul Thinks the Country Will Come Out Safely in Time.

"You may say for me," said Andres Garcia, local Mexican consul, Saturday morning, "that the de facto government has intention of repudiating the fiat money now in circulation and there is no reason whatever to expect that the fiat chief is on his way to Veracruz to take up residence in a light house."

Instead of such an absurdity, Gen. Carranza was received with apenion by the citizens of the Mexican City. His departure from Queretaro was not due to plots or intrigues. "I am personally in favor of free silver for Mexico and hope very much that a time will come when this will be possible from one end of the country to another," he continued.

"It is rather a mockery that we now face—the realization that while we are the wealthiest country in all the world for the soil we possess, our wealth is controlled by interests outside of the republic."

Gold and Silver Plenty. "There is sufficient gold and silver in the mines controlled throughout the country to place Mexico upon a strong financial basis, yet the people of the republic have been driven to the streets in any of these natural resources, save a tax."

"We need a gold and silver reserve large enough to make the money good wherever it may be; yet of all the gold and silver in our soil, we have no use for it."

America Faces Same Problem. "What the American people will eventually come to realize is the relationship to mines, petroleum deposits, atomic power, Mexico will realize during its preconstitutional period."

"We are all too concerned that American banking interests are showing in our financial troubles as indicative of little friendship and much hostility. That we should be to create new economic laws or establish practices that would place the welfare of the people above the welfare of the stockholder is not with us, but set up as a new reason for intervention."

Reflection of Changes. "Until peace is restored in Mexico, the fluctuation of money and the purchase power of money is merely a reflection of the changes that are taking place as a nation and when we are back to the civil and away from the military, the financial system of Mexico will be no approach to the nations of the world."

"We receive no commendation for the constructive things that we are doing. In Russia the abolition of vodka was obliterated in the course of a night's decree. In Mexico we have done the same thing with the pulque. Yet where has there been one word of approval?"

Terraza vs. 15,000,000 People. The stimulus was a curse to the country, and we wish it out. Our efforts have been turned to education, to a survey of our natural resources, to a study of the needs of the population; and that we should stand baffled before the spectre of property rights that give to a Terraza 15,000,000 acres of land, and to a million people nothing, is a natural thing. It is not just nor right that such difference should exist and in our new order such differences shall not exist."

MORE FAKES ABOUT ANTI-AMERICANISM ARE DENIED

Consul Andres Garcia received word Saturday morning from the consulate in Galveston that the report of anti-American demonstrations in Mexico City without foundation and that the foreign colonists in that city resent the report. The message reads: "Great surprise and indignation has been caused in the foreign colony in Mexico City by receipt of information of widespread publication in American press of entirely unfounded statement that the Constitutional Congress had planned and put into effect anti-American demonstrations."

"Nothing of the kind has taken place and a number of prominent foreign business men have wired their correspondents in the United States that everything is normal throughout central Mexico. No demonstrations of any kind have occurred at this place and none are expected."

THREE GENERALS HELD, BUT NOT EXECUTED, SAYS GAVIRA

Confirmation of the arrest of three Mexican generals in central Mexico, who are charged with conspiracies against the de facto government, was confirmed by Gen. Gavira, Saturday morning. The three men are Gen. Luis Blanco, Gen. P. Nareta and Gen. Carrera Torres.

"If these men have been executed," said Gen. Gavira, "I have not been informed of it. Certainly all three of them should be executed. They have been trouble makers for some time."

A report was received by private wire in El Paso on Friday that the three men had been executed at the Guadalupe penitentiary.

Gen. Gavira intimated that the plot was a serious one, and that it had been discovered in time to prevent considerable insurrectionary trouble in the states of Jalisco and Guanajuato.

VILLA COMMAND SURRENDERS; ANTI-AMERICANS SILENCED

Torreón, Mex., April 21, via El Paso Junction, April 22.—Gen. Severino Ceniceros and his command of Villistas have surrendered to the military commander in Durango city and have been granted amnesty.

Gen. Trevino has informed the local agitators, who desired to make resistance to the advance of the American troops, that the de facto government has the situation well in hand. The government does not need any private assistance, Gen. Trevino told the agitators, and that if they felt that they must fight, he would find places for them in the army, where they could make war on the Villistas. The agitators lost their enthusiasm.

The situation in Durango is steadily improving.

GAVIRA SAYS CIENTIFICOS AND CLERICALS PLOTTING

Gen. Gabriel Gavira is confident that representatives of the old clerical party of Mexico and of the cientificos are fomenting trouble in El Paso, with a view to creating an anti-constitutional situation in Mexico. Gen. Gavira on Saturday said:

"I have information that on Friday many of these people held a conference at the Hotel Paso del Norte."

SEVENTEENTH INFANTRY GOES TO REINFORCE PERSHING

Two trains, conveying the 17th infantry, under the command of Col. Henry C. Hodges, Jr., passed through El Paso Friday evening, destined for Columbus. The companies of this regiment are recruited to full war strength and were stationed at this week at Eagle Pass, Tex. The troops will be used in strengthening the line from Columbus to Pershing's new base in Southern Chihuahua.

MEDICAL SUPPLY DEPOT FOR ARMY

As Big as Quartermaster Depot; 120 Sick Soldiers Brought In.

A medical supply depot for the troops of the expeditionary force and the border brigade will be established at once in El Paso. This depot will be located either at Fort Bliss or in the city, probably downtown. Maj. E. P. Wolfe, of the U. S. army medical corps, will be in charge. He is expected to arrive here from the east soon to organize his corps.

The supply depot will be as large as the present quartermaster depot and will be stocked with medical supplies and field equipment for the army in the field on the border. Automobile trucks will be put in service to haul these supplies to and from the freight stations and to distribute supplies along the border.

120 Men in Hospital. Since the expeditionary force crossed the line into Mexico there have been 120 men sent back from the front for medical treatment at the base hospital at Fort Bliss. Of this number only two have died, both being officers. One of them was Capt. J. L. Brown, of the medical corps, who died of heart disease after being brought from the front and the other was Capt. Joseph W. Allison, of the 13th cavalry, who died of pneumonia contracted in the field.

One Villista Dies. In addition to these soldiers' mortality of troop B, 14th cavalry, died of pneumonia after being brought from Marfa, Tex., to the base hospital and a wounded Villista prisoner died at the post hospital soon after the Columbus raid after his leg had been amputated in an effort to save his life.

There have been no soldiers brought to the fort hospital suffering from wounds received in action and there are now no Mexican prisoners at the base hospital.

WILL TRAIN DOGS FOR ARMY AND POLICE. New York, April 22.—Organization of movement to breed and train dogs for the use of the United States army, the American Red Cross society or other military or relief organizations was announced here today. For that purpose dog fanciers have formed the Army and Police Dog Club of the United States. Dogs will also be trained for police work. It is proposed to maintain a registry of trained canines subject to a call from army officers.

Promoters say the movement has the approval of the war department.

Henry C. Prick was once a clerk in a country store.

Our \$2.50 and \$3 Women's Shoes!

This House of Good Shoes places great stress on its lines of women's

Moderately Priced Footwear

Good Shoes at Good Prices can always be had—but Good Shoes at Very Moderate Prices is another proposition. We call special attention to our Women's Low Shoes at such an easy price as—
